

SMARTER BUSINESS RESILIENCE

ENABLING EXCELLENCE BY STRENGTHENING YOUR AGILITY

Strengthening resilience across your business, through your platforms, processes and your people is critical to your future success. You need real-time data to quickly understand your issues and opportunities. You need flexible systems, processes and resources for operational agility. You need resilient, fully compliant and interconnected platforms that grow with you.

MHR equips you with all this and more. We can help you embed the resilience that enables your business excellence, today and tomorrow.

We can help you with

- Improve organisational agility to adapt quickly and effectively to change
- Gain more value from your data
- Accurate decision making, through cross functional planning
- The skills and resources to support business growth
- Improve pay accuracy and avoid the risk of non-compliance.
- Keeping all your critical people data in one platform.

HOW SMARTER SIMPLICITY SUPPORTS EXCELLENCE

- Improves business agility by delivering adaptable skills and resources
- Lowers risks by increasing data accuracy, visibility and compliance
- Strengthens decision making by delivering valuable data and insights
- Accelerates responses through cross functional
- Fills skills gaps by driving internal learning and empowering employee development
- Reduces costs through less admin, duplication and system maintenance
- Increases motivation with talent management that develops employees
- Ensures control with robust processes and data

WELCOME TO ONE PORTFOLIO: THE HR, PAYROLL AND FINANCE SYSTEM THAT STRENGTHENS YOUR RESILIENCE

MHR's One Portfolio is a fully scalable, integrated solution that delivers a single source of data across your HR, payroll and finance. We provide accurate analytics, reporting and insights to inform better strategic decisions.

Our consultancy and automated processes enable easily adaptable workflows, increasing your agility and responsiveness while reducing your total cost of ownership and risk.

One Portfolio features:

- MHR Integrations provide data integration to a single database
- MHR Analytics ensure business intelligence across all systems and functions
- Extensive reporting options offer accurate planning data
- MHR's Enterprise Planning identifies your potential operational and workforce issues
- MHR's Workforce Planning deploys skills to where you need them most
- MHR Consultancy offers digital transformation support
- MHR Academy addresses your skills gaps
- MHR Talent Management enhances recruitment, onboarding, goals and recognition
- MHR Managed Services fill your resource gaps

WHY MHR?

One Portfolio from MHR is the single system that enables your excellence by strengthening resilience, improving adaptability and reducing operational complexity. You gain a suite of software and services that also nurtures and empowers your people, turns your data into insights and de-risks your business.
