

SMARTER EMPOWERMENT FOR YOUR PEOPLE

ENABLING EXCELLENCE BY REALISING THEIR POTENTIAL

No one knows better than you that your business needs the right expertise, platforms, skills and resources. And approaches to attracting, engaging, developing and retaining employees are changing.

We all need to fully realise the power of our people by building a more connected, resilient and engaged workforce that supports our business excellence. Effectively recruit for the short, medium and long term.

Ensure talent continues to develop and fulfil their full potential to facilitate your succession planning and negate skills gaps as you evolve.

We can help you with

- Integrated platforms and expertise covering the entire employee life cycle
- Easily identify skills gaps across your business and deploy talent to where you need it most
- Develop adaptable skills and resources to support the business as you evolve
- Reduce staff turnover and recruitment costs
- MHR gives you the tools to attract, on-board, develop, engage, and empower your people.

HOW SMARTER EMPOWERMENT SUPPORTS EXCELLENCE

- Improves workforce resilience by delivering skills and resources that support your flexibility and responsiveness
- Reduces staff turnover by empowering your people to drive their own careers, keeping them fulfilled and engaged
- Minimises recruitment costs by reducing turnover and streamlining recruitment process
- Increases employee wellbeing through an employee-centric approach
- Boosts motivation with increased personal development and engagement
- Reduces skills gaps by developing and retaining your internal talent
- Strengthens workforce planning with insights for more effective deployment
- Increases human capital value by investing in your employees
- Drives productivity by accelerating your administrative HCM and finance processes
- Increases employee engagement and alignment with shared business values and goals

WELCOME TO ONE PORTFOLIO: THE HR, PAYROLL AND FINANCE SYSTEM THAT EMPOWERS YOUR PEOPLE

We offer a simple to use, easily accessible and fully collaborative HR, payroll and finance system that drives greater employee engagement and wellbeing.

We'll help you identify and fill potential skills gaps, ensuring you attract and on-board the right talent, support employee performance improving value and motivation across your talent pool.

One Portfolio features:

- Analytics from MHR provide data insights and alerts that identify potential skills gaps to inform future workforce planning
- People First's and iTrent's Recruitment modules provide intuitive, integrated candidate recruitment experiences that speed up application and offer processes
- People First's and iTrent's enhanced on boarding smooths employee integration into the business and accelerates employee effectiveness
- People First's and iTrent's Talent Management modules support recognition and succession planning to maximise every individual's potential contribution
- MHR Payroll ensures that employees are paid accurately, on-time, every time – supporting loyalty and motivation
- MHR Learning Management Systems enables individuals to drive their own development and careers through a single platform
- MHR's intuitive, cloud-based platforms that embed workplace flexibility
- People First and iTrent are employee-centric to deliver manager and employee self-service, reducing time, effort and stress

WHY MHR?

One Portfolio from MHR is the single system that enables your excellence by strengthening resilience, improving adaptability and reducing operational complexity. You gain a suite of software and services that also nurtures and empowers your people, turns your data into insights and de-risks your business.
