

# SMARTER OPERATIONAL SIMPLICITY

## ENABLING EXCELLENCE BY REDUCING COMPLEXITY

MHR reduces time, effort and risk consolidating, integrating and streamlining time-consuming manual HR, payroll and finance processes.

With flexible processes and real-time data, you can adapt and flex as an organisation, no matter what you are faced with.

By stripping out unnecessary complexity, you can cut cost and strengthen performance, security and compliance to achieve business excellence.

### We can help you with

- Improved operational efficiencies without creating additional risk
- Reduced time, effort and cost across the business, freeing up valuable resource
- Strengthened organisational agility to adapt quickly to change
- Increased productivity so that you can do more with less
- Stronger cyber security and compliance across your operations, people and data

## HOW SMARTER SIMPLICITY SUPPORTS EXCELLENCE

- Reduces cost and improve productivity by cutting total cost of ownership through less admin, duplication and system maintenance
- Strengthens business agility with integrated, simplified workflows that enable more timely responses
- Informs decision making by increasing data accuracy and delivering valuable data and insights
- Free up valuable resource across HR, payroll, IT and other business functions
- Simplifies legislative complexity to reduce compliance risk
- Reduces fraud with enhanced cyber-security
- Cuts skills gaps by tracking learning and empowering employee development and workforce flexibility

# WELCOME TO ONE PORTFOLIO: THE HR, PAYROLL AND FINANCE SYSTEM THAT REDUCES YOUR COMPLEXITY

We offer an integrated HR, payroll and finance system in partnership with best of breed suppliers providing a consolidated, cost-efficient solution. We'll help you automate and simplify your work flows – reducing time, errors and admin while enhancing your productivity and agility.

With consolidated systems, you can be confident of your security, control and compliance for complete peace of mind.
