BETTER SERVE YOUR NEEDS NOW AND TOMORROW

From the Chief Financial Officer to your wider team, MHR's finance solution serves the changing needs of your organisation.

With service levels dropping, and pressure to change onto different products and platforms from suppliers ordering compulsory software migrations, now is the time to see if you can get more value and a better service elsewhere.

UNLOCK THE POTENTIAL OF YOUR TEAMS

Whether you are looking to improve efficiencies or drive competitive advantage through increased business resilience and agility, we can unlock the potential of your teams:

- Reduce your finance admin burden through automation and simplifying complex processes
- Have full visibility of data through a single platform for absolute confidence in business intelligence
- Build workforce resilience by delivering key insights to make strategic decisions whilst responding and adapting quickly to change or uncertainty
- Reduce the total cost of ownership and administrative overheads by removing the need to manage multiple systems with seamless integration
- Ensure compliance with regular updates in line with legislation changes

HOW WE STACK UP AGAINST YOUR CURRENT PROVIDER

HOW WE DO FINANCE

Backed by Microsoft ecosystem with over 200,000 customers globally

Evergreen product with lifetime upgrades

Experts in the Microsoft Power Platform for system agnostic integration, automation and reporting

Dedicated training and ongoing support

Seamless integration for a single source of truth

Family owned and financially independent

OTHER FINANCE PROVIDERS

Run through VC directives and internal experience

Reliant on internal investment which risks becoming legacy

Experts in their own technology with limited integration and system-restricted reporting

Initial implementation support

Separate systems and data sets across business systems

VC owned and grown through acquisition

DON'T SETTLE FOR LESS

Relying on manual workarounds to suit your needs?

Poor financial reporting accuracy?

Being pushed into a finance solution that doesn't work for you?

No supplier stability?

Lack of data?

Our solution can be tailored to suit your individual business needs and grow with you so you can eliminate spreadsheets where you don't need them.

Our solution provides high quality insights for your organisation with a fast and accurate period end close and easy reporting to the C-suite.

Our consultants work with your teams to best understand which systems will suit your unique requirements and tailor a solution to match.

Unlike our competitors, we're family-owned and financially independent, ensuring consistent vision, direction, and service with the flexibility to adapt quickly to market needs.

Our solution and expertise provide both operational and strategic reporting and analytics, as well as bespoke options to support your existing data strategy.

Siloed systems?

Through our integrated solution and expertise with APIs, we can ensure data flows seamlessly across all your systems to improve business partnering with operations and other departments.

O7 Struggle to access the systems you need?

Anytime, anywhere you can efficiently and securely access your systems with cloud-based security and model-driven app share options.

Multiple positions and contracts hard to manage?

Our integrated solution provides a holistic view with a single data source to drive better decision making no matter the complexity.

Stuck with legacy technology and processes?

Our consultants make the transition easy, working with you to review your processes, make recommendations and shape your implementation for you to suit your needs.

No longer getting the support you need, or experiencing reduced service levels?

MHR's UK-based services provide dedicated account management, support desk, customer portal, quick fix services as well as a dedicated partner network to provide the support you deserve.

TESTIMONIALS

"FROM AN ORGANISATIONAL PERSPECTIVE IT GIVES CLEARER VISIBILITY OF WHAT IS TRULY GOING ON. IT WILL FREE UP ANALYSTS TO ACTUALLY BE ANALYSTS AND NOT REPORT WRITERS."

TORUS

"IT HAS BROUGHT SIGNIFICANT EFFICIENCIES TO THE WHOLE PROCESS. IT MEANS THAT WE WON'T BE RELYING ON CERTAIN PEOPLE TO HAVE ALL THE KNOWLEDGE IN THEIR HEADS BECAUSE IT WILL BE SHARED KNOWLEDGE MOVING FORWARD."
