1. Introduction

1.1 PURPOSE

This Service Level Agreement defines the Services provided and managed by the Company to the Customer.

1.2 OBJECTIVE OF THE SERVICE

The objective is to deliver a timely, accurate and complete service to the Customer. The Service Level Agreement defines the service and the service level with the objective of:

- Clearly defining responsibilities.
- Ensuring effective management of the Payroll Processing Service;
- Ensuring effective management of the Hosted Cloud Service;
- Defining effective communication channels;
- Documenting problem resolution and escalation processes.

Instructions

- The Services to be delivered by the Customer's obligations and the Company obligations are denoted by the symbol "✓" within the tables of this document.

3. Data Management Managed Services

3.1 Data Ownership Policy

The purpose of the MHR Data Ownership Policy is to provide guidelines for the MHR Payroll Operations Team, protected by law, or both. This policy describes the roles and responsibilities of the individuals charged with the handling, processing and maintenance of this information as part of the managed service being provided by MHR.

3.2 Policy

It is the policy of MHR that data and information will be made available to the payroll team to perform the necessary Payroll processing required by their position to provide managed services in line with the Contract between MHR and the Customer. The Payroll data for the pay period will be available as necessary and relevant as determined by appropriate authorisation of both the employee and the Data Owner. The Data Owner may be the owner of the entire data set or a segment of the data.

- The Customer is the data 'Controller' and MHR is the data 'Processor'.
- Data Owner is the data 'Controller' = the Customer
- Third Party Services (optional - payslip printing services) is the data 'Sub-Processor'.

It is the responsibility of the Customer to ensure that the Company employees are not set up as contacts (PSCs/ ACs) on client owned Service User Numbers.

3.3 Scope

This policy covers data entered by the Customer into the payroll system for the purposes of payroll processing by the MHR Payroll Operations. It is not intended to cover information on individual customer desktops, laptops or mobile devices nor information held within other Customer applications. It is the responsibility of the Customer to supply all related data via the secure method supplied by MHR for every payroll processing period. It is also the Customers responsibility to supply the data to the MHR Payroll Team in the pertinent data conversion template provided to them, in the exact field order, for the purposes of payroll processing.

3.4 Revocation of data access

End of Affiliation: All Data Access will end when the Customer's affiliation with MHR ends for any reason.

It is the Customer's responsibility to de register MHR as their BACS Bureau.

3.5 Data Management

This section outlines how personal data will be managed by both the Customer (data 'Controller') and MHR (data 'Processor'). All personal data will be processed in line with the Data Protection Act 2018 and General Data Protection Regulation (GDPR)
